Besides his duties as marshal of Ghost Town, Bud is putting together a fine collection of old firearms to be exhibited in Ghost Town.

The meeting will be held at the Palms at 7:30 p. m.

Bowling News

Lorraine Berning corped the Bowl-O-Drome limelight again, this time it was her sparkling performance last Friday night in the Ladies 740 Scratch that drew the mob of spectators to watch the gals in action. Started a long string in the third game, racking up eight straight before sticking a six pin in the ninth frame. Converted for her spare, followed by another strike and then a great big split to wind up with a blistering 267, going on record as the highest sanctioned single effort produced by Bowl-O-Drome female bowling addicts.

Lorraine's fete glorified by the fact that she chalked up her second 600 set, coming off with a 626 total, topping her first of a couple of weeks ago in the Tuesday night Ladies Handicap besides setting new highs in the Friday night bout. With only four more weeks to go, Lorraine and her teammates on the Mary's Color Bar quintet are battling it out for the top slot with Advance Aluminum & Brass, currently tied for first. Charley's Cafe rides in third, 7 1/2 games behind the leaders, followed by Schwartz Men's Shop and the Jack's Restaurant bunch.

Another keger making a good stab at perfection was junior fire-ball, Dave Freeman. Was pacing Tuesday night in the 875 loop when he connected a string of 10, burred his 11th ball, only to have the eight pin remain standing, finished off with a scorching 289 effort.

Joining the ranks of Bowl-O-Drome keglers busting into the "700" bracket was *B. Nugent during Friday nights action of the Men's Industrial. Connected three beauties to his towering 705 scratch, 723 with handicap to take over the number one position for season series honors. D. Dentremont and his tremendous 288 & 18—286 single pitch heads game highs. A&W Root Beer hold a slim 1/2 game edge, going into the last round of their winter meet, over Longren Aircraft.

Bowling enthusiasts are reminded that the time has arrived to sign up for summer leagues. Several in the offing for beginners and advanced on the day-time Bowl-O-Drome schedule.

OUTDOORS with MEL

By MEL SALTZMAN
We sometimes wonder where our fish and game money goes and why this and that isn't done. I have found that for the most part they know what they're doing. A perfect example of this is Lake Cachuma.

When the state decided to open this lake the Department of Fish and Game recommended that it be stocked with Bass and pan fish. Immediately a cry arose from the trout fishermen. They wanted Trout to be stocked. Fish and Game argued that the water was not suited for trout because of the intense heat, the varying level of the water, and the variance of chemicals in the water. After much pressure D.F.G. gave in. Trout were stocked and the rest is history.

The opening was poor and many anglers caught few or no fish. When the temperature rose the trout died by the hundreds. The department of Fish and Game had won their argument but it cost thousands of dollars of our license money to prove their point.

Now the Fish and Game went to work and the results have been amazing. Limits of Bass have been the rule not the exception at Lake Cachuma. It has become one of the finest warmwater lakes in Southern California.

This proves a point. We hire top personnel with vast knowledge. They are glad to get suggestions and are happy to try anything that will give us better fishing and hunting. All in all I think they do a pretty good job. For more information call Mel at FA 8-2173.
